Notes

To ensure FIA's smooth operation, timely fee payments are crucial. If 50% of tuition and capital fees are not settled by December 20, 2024, your account will be suspended from charging expenses. Cash payments for all services, including lunch and uniforms, will be required until the balance is met by March 28, 2025.

All families will not be allowed to incur any expenses against their school accounts for the final month of the school year (May 2025). Any expense incurred during that time will need to be paid for in cash (i.e. school lunches, yearbooks, uniform).

All accounts must be a fully cleared before students can receive their final report card or any transcripts.

For the 2025-2026 school year, unpaid 2024-2025 balances must be cleared before children can begin classes. Thank you for your cooperation.

*****Parents should expect an increase of 2-3% in tuition fees in line with the Consumer Price Index (CPI) when estimating future years fees*****
